# KEEPING YOU INFORMED

# KIDS CLUB FAQs

**Who can participate in Kids Club?** Kids Club is a family membership benefit for youth ages 3 to 11.

**What are the cohort group sizes?** There will be two cohorts, ages 3-5 and ages 6-11, each with a maximum of 10 youth.

**How are we keeping youth safe?** Staff are trained to follow safety protocols and cleaning procedures. All touchpoints will be thoroughly cleaned. All staff will be vaccinated. All staff and youth will be masked.

**What will my child be doing during Kids Club?** Youth will enjoy a variety of toys, games, crafts, sports, fitness, gym time and other activities designed to build healthy spirit, mind and body while building friendships under the supervision of professional role models.

**Can I check my child in late or pick them up early?** You may check in or out anytime during the reservation. Structured activities and schedules are planned for each day, so the longer your child is present, the more opportunity they have to participate. Check-in/pick-up locations vary based upon time (see schedule). Once you have checked your child out for the day, you may not check them back in that same day.

**If one parent drops a child off, may another pick them up?** The same parent or guardian must drop off and pick up the child from Kids Club. This ensures the parent or guardian remains in the Y at all times in case of emergency.

**What does my child need to bring?** Youth should wear socks, closed toe shoes and a properly fitted mask. Please leave personal toys, snacks and drinks at home.

**Does my child need to be potty trained?** No, Y Staff will locate the parent or guardian in the facility to change your child, if needed.

**How do I sign-up my child(ren) for Kids Club?** Visit [bit.ly/mcgawkidsclubreservations](https://bit.ly/mcgawkidsclubreservations) to secure your spot(s) for the current session. Multiple and back-to-back reservations are permitted. If capacity is reached, we will kindly ask families to limit reservations to three hours per week.
